NOW IS THE TIME

FOR ORCHARDISTS TO TAKE STEPS TO PREVENT BLIGHT.

HOW YOU CAN TREAT IT

What the Fruit Experiment Station at Mountain Grove, Mo., Says About It.

Blight was bad last year in Missouri. Many an orchardist knows this to his cost. It is likely to be bad again this year, says the state fruit experiment station at Mountain Grove, Mo., if no work is done in the orchards before the coming growing season.

If you are one of the many whose trees suffered from the blight last year, you should get out into your orchard as soon as possible—get your neighbors, too—to look for signs of the disease. They will not be hard to find. Wherever the blight bacteria have been at work they leave a trail of dead fruit spurs with dead blossoms, or leaves, still hanging to them; dead spots in the bark around the base of dead fruit spurs or water sprouts; and dead areas even in the bark of large limbs and the main trunk.

And when you find the signs of blight, hunt up the pruning knife and the saw. Get all your neighbors to do the same thing. One badly blighted orchard in a community, not cleaned up, can furnish infection enough—carried by bees or other insects—to cause trouble in all the others that have been cleaned up.

But when you are ready to go to work don't waste time and money on cutting out the numberless blighted fruit spurs. There are no living germs in them, or, at least, only a very few. Careful investigation in various parts of the country has shown that they have little to do with spreading infection in the spring.

The principal use for the pruning tools is on water sprouts and on limbs from ¼ of an inch to 1½ inches in diameter, where blight cankers have been formed at the base of a fruit spur or a water sprout. Cut out all such limbs, making the cut at least four inches below the canker. This is done to remove germs which may be alive in the green, healthy looking bark around the canker.

It is not certain that blight can be spread from all twig and bark cankers, but it is certain that it can be spread from some of them. Pears are worse than apples in this respect, but the danger is real and serious on apples alone. So, to be on the safe side cut out all of the limb cankers.

Scrape out and cut out blight cankers on the trunk and large limbs, clear down to the sound wood and out three or four inches into the seemingly bark around them. Take care, of course, not to girdle the tree. If that should seem necessary to get all the canker, the tree is in such bad condition it would be benefited very little by any sort of treatment.

Cleanse all wounds made in this work with a disinfectant made by dissolving fourteen 1-grain tablets of mercuric chloride in one quart of water. This solution is poisonous and must be handled carefully. Dip the saw and pruning shears in the same solution after each cut is made or canker dug out, or, at least, after each tree is finished. This may seem an unnecessary waste of time. It is not, however, for it prevents all possibility of carrying the disease from one limb or tree to another.

After disinfecting, paint all wounds with a mixture of pure white lead and raw linseed oil or with some one of the pruning compounds put out by paint and chemical companies.

And finally, finish the job, and finist it right, by burning all the dead and diseased material you have cut out. Not to do this would be as sensible as to leave cholera hogs where they die and trust the other hogs not to get the disease.

BY LOCAL LABOR

WORK ON NEW MAINS TO BE DONE WITHOUT A MACHINE.

DECIDED ON WEDNESDAY

Board of Public Works Turned Down Proposition From Steam Digger Outfit.

At a meeting of the board of public works held Wednesday night, it was decided that all of the work on the extension of two miles of new mains will be done by local laborers instead of by a machine. The board had received a proposition from the steam digger outfit that dug the mains at Hopkins to do the work here for 20 cents a foot. The company agreed to do all of the work, such as digging the ditch, laying the mains and then filling in the ditch for that price. But the board turned down the proposition.

It is not known yet when work will start on the new mains. However, if the weather is favorable the work will commence the latter part of March or the first of April. A number of laborers in this city have spoken for work digging the mains.

Ed Wolfert for Mayor.

Editor Democrat-Forum: Why not urge Ed Wolfert to run for mayor at the coming city election on the non-partisan ticket? I don't know whether he would consider it, but a better man could not be found for chief executive. The city election is only a little over a month off, and now is the time to get busy to pick out men that will make a good official. I want Wolfert on my ticket, and so do a number of others. A SUBSCRIBER.

STRUCK BY AUTO

G. B. HOLMES HAS BROKEN ARM AS RESULT OF COLLISION.

MRS. HOLMES NOT HURT

Car Driven by Dr. K. C. Cummins Struck Their Buggy, Locking With Back Wheel.

As Mr. and Mrs. G. B. Holmes were on their way to the revival meeting at the First Baptist church Wednesday evening, the surrey in which they were riding was struck by Dr. K. C. Cummins' car in front of the Elks club house and both were thrown out, Mr. Holmes' left arm being broken near the wrist.

Dr. Cummins was driving his car north on Main street while Mr. Holmes was driving south. As the car neared them Mr. and Mrs. Holmes, who were in the front seat of their vehicle, saw a collision would be the result unless the attention of the driver could be attracted. They called to him, but it is evident he did not hear them through the noise of his car, as he drove right into their buggy, locking the left back wheel of the buggy. The dashboard of the surrey was torn off and Mr. Holmes was thrown out over it on the pavement, alighting on his left arm. Mrs. Holmes was thrown and wedged between the buggy and the automobile, fortunately not striking the pavement. The horse broke from the buggy and ran just as Mr. Holmes was thrown under his feet.

The car was backed by those who ran to their assistance, and Mrs. Holmes was carried into the residence of L. A. Denny. She was not injured aside from being badly frightened.

Mr. and Mrs. Holmes were taken to their home by Mr. and Mrs. J. F. Montgomery in their car, after Mr. Holmes' injuries had been attended to, and they are all right today and thankful their injuries are no worse.

GORE EXHONORATED

Oklahoma City, Okla., Feb. 19.—A verdict in favor of Senator Thomas P. Gore was returned in the suit of Mrs. Minnie E. Bond against him to recover $50,000 damages for an alleged attack made on her in a Washington hotel last March. The jury was out only ten minutes, but one ballot being taken.

"We find," the jury stated in the verdict, "the evidence submitted by the plaintiff entirely insufficient upon which to base a suit; that said evidence wholly exonerates the defendant and had the defendant at the conclusion of the plaintiff's evidence announced that he desired to introduce no evidence and rest his case, our verdict would have been the same in that event as now returned by us, in favor of the defendant."

Crowd Begins Cheering.

Despite the efforts of bailiffs to maintain order when the verdict was read, the crowd that filled the court room turned into a cheering throng.

Senator Gore heard the jury's decision without a change of countenance. Mrs. Gore was the first to grasp his hands. When she turned and shook hands with Henry Carpenter, the foreman, tears were on the cheeks of both herself and the aged farmer.

"The verdict confirms my faith that truth will triumph," Senator Gore said. "I never for a moment doubted the outcome."

From the time the jurors left the room to prepare their verdict until the demonstration was under way, Mrs. Bond sat in silence leaning on a table and scribbling on a piece of paper. She seemed in no haste to leave the room until she was approached by her attorneys, when she walked away with them and her husband.

E. J. Giddins, chief of counsel for Mrs. Bond, said an appeal to the supreme court would taken on the grounds that applause had influenced the jury

A GOOD CROWD.

Sermon at Baptist Church Special Interest—Charity Ball Not Indication of Religion.

The revival service at the First Baptist church Wednesday night was well attended. The sermon by Rev. George Hale upon "Judas Iscariot, to the Flowers, Fruits and Ashes of Sin," dealt fearlessly with the sins of people who are expecting to carry out a determination to live as they wish to live without regard for the laws of God or man. "Whatsoever a man soweth, that shall he also reap" was the principal note of the discourse.

During his sermon Rev. Hale had occasion to mention the charity ball that was announced Wednesday by the Elks club for the benefit of the board of charities. He considers it a sad commentary on the churches of the city that they allow the funds of the charity board to become so low that the Elks club is aroused to an effort to relieve the situation by giving a ball to help the poor. A man's religion should be deep enough to take in his pocketbook. He did not decry the dance as much as he did the lack of religion in those who have helped bring it about and the church members who will help carry on the dance for charity.

Rev. Hale gave a dramatic discourse of his subject, separated under three hands: Avarice, sensuality and ambition. The climax of his sermon came when he referred to the trial in progress against Senator Thomas P. Gore in Oklahoma City, which is the plot, he said, of scheming politicians who were determined to have what they wanted at any cost. The speaker is proud of his friendship of twenty years with Senator Gore, and he knows personally every man arrayed against the senator, for he was a pastor in Oklahoma City several years, and he knows the reputation of Mrs. Bond. He branded the entire gang properly and paid a tribute to Senator Gore that was most gratifying to hear. The whole sermon was a picture of the wages of sin that was terribly true, and a call to Christians to be guardful of their daily living.

The song service will begin Thursday night promptly at 7:30, Rev. Henry leading. His special numbers Tuesday and Wednesday nights were most effective.

NEAR HALF A CROP

ICE HARVEST IN MARYVILLE HALF FINISHED.

NEED ONE MORE WEEK

So as to Be Able to Get a Full Crop—Everhart is Manufacturing Ice Now at His Plant.

The ice harvest in Maryville is just half finished and all of the local ice dealers are hoping that there will be another week of cold weather this winter, so that they will be able to get a full crop. Not much ice has been cut this week owing to the rise in the temperature since Monday, but with a marked drop in temperature which is indicated by the weather bureau for the next week, the ice men still feel quite hopeful of harvesting the amount required to fill the orders of all.

Wm. Everhart has harvested a little better than one-third of a crop, nearly one-half. He has put up about 1,000 tons in his ice house at the city reservoir, getting the ice from the reservoir. The ice was of a good quality, clear and thick. Everhart is also manufacturing ice now at his plant and has between 300 and 400 tons stored away for use.

Harrison Bros. have also been busy with the cutting of ice and have probably about one-half of a crop. They have been getting their ice from their pond near the Burlington depot, and also from the river on the Ditto farm. They are hoping for another week of continued cold weather, so as to be able to harvest a full crop.

Just as soon as there is a change in the weather, colder, the local dealers will resume cutting.

The harvest of the ice has furnished work for a number of people in the city. One dealer had a gang of about twenty-five workmen.

According to an ad in today's issue, Mr. Everhart is wanting fifty men tomorrow morning to help him pack the ice.

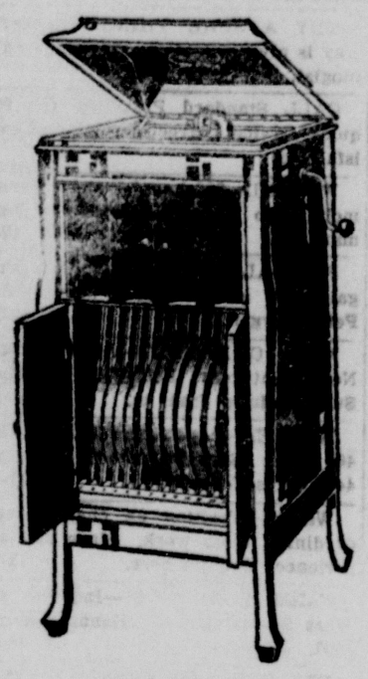
Are Sold In Nodaway County Exclusively By

"Sign of Quality"

Landon Music Company

When we decided to handle Talking Machines and Records, Mr. Landon went to Kansas City and investigated thoroughly every phase of the business and every make of machine on the market. This investigation convinced him that the COLUMBIA GRAFONOLAS are as perfect as any machine made, and that they certainly make a better instrument for the money than any other make. We will carry the largest stock of machines and records ever handled by any music store in Maryville. You will have every opportunity to investigate this line at our sales room in the Conservatory Building. We use this room now only for sales purposes and you will find Miss Grace Sturm in charge of the Record Department. She will be glad to play any of the records for you.



"LEADER $75.00"

PLEASE REMEMBER

That Columbia Records may be played on Victor Machines and Victor Records likewise sound equally well on Columbia Machines. We get the new records each month. About the 25th of this month you may hear all the New March Records here. Attend our Free Concert in Recital Hall Every Saturday Night. Come in any Time, You Will Be Welcome.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR

Bring Back Its Gloss, Lustre, Charm and Get Rid of Dandruff—Try the Moist Cloth.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Advertisement.

Raines Brothers

Was Successful Affair.

The Washington-Lincoln social given Tuesday night in Pickering by the Epworth League of the Methodist church there was a decided success. Music was furnished by the Sunday school orchestra, Miss Beulah Everhart, piano; Miss Christel Everhart, violin, and Roy Wolfers, cornet. As the orchestra played A. T. King, dressed as Uncle Sam; Walter Stephenson and Mrs. J. A. Wiley, as George and Martha Washington; Professor Somerville and Mrs. Gordon Swinford, as Abraham Lincoln, and Mrs. Lincoln, Mrs. Irvin Loch, as Lincoln's mother, came in and took seats on the platform. The representatives of the se characters were splendid. Other well known people in the audience were "The King and Queen of Hearts," by Mr. and Mrs. Roy Wolfers; Miss Mary Wolfers, as a spinster of ye olden days; Miss Golda Roach, as "Madam Butterfly." Sweet Priscilla Alden was there, too, in the person of Mrs. Walter Johnson. (John, bless his heart, stayed at home with the baby.) Quite a number of young girls were there arrayed in St. Valentine attire. After everybody had become accustomed to the presence of the distinguished guests Mrs. Laura Watson read an interesting story of the mother of Lincoln, and W. M. Hall spoke on the life of Lincoln. The martyred president then arose and gave tribute to George Washington. After the program everybody had a fine social time and a pie supper was served. Several delicious pies remained and these were auctioned off by Colonel James Braniger at good prices. The proceeds of the evening were $21.85.

Don't Know They Have Appendicitis.

Many Maryville people who have chronic appendictis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. W. Jones, druggist, states if these people will try a single dose of simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the remedy which became famous by curing appendicitis, they will be surprised at the instant benefit. Druggist Shuff at Pickering reports great success there.—Advertisement.

Ware-June.

A very pretty wedding was solemnized Sunday, February 15, at 6 o'clock, at the home of the bride's parents, Mr. and Mrs. Frank Ware, living five miles west of Barnard, when their oldest daughter, Ruth, was united in marriage to Mr. Fred June.

The wedding march from "Lohengrin" was played by Mrs. Walter Lilly. Rev. Orrison of St. Joseph performed the ceremony. The bride wore a lovely gown of white embroidered crepe.

After the ceremony the guests were invited to the dining room, where a magnificent four-course wedding supper was served by Mrs. Walter Lilly and the bride's sisters, Adah and Vida Ware.

Many nice presents were received. The house was beautifully decorated in pink and green. Those present were Mrs. Dora Long, Mr. and Mrs. Boone Clark, Mr. and Mrs. Ed Farmer, Mr. and Mrs. Henry Blacketer, Mr. and Mrs. Walter Lilly, Mr. Chester Cooper of Parnell, sister of the groom; Mr. John Ware, Miss Anna Ware, Misses Adah, Vida and Hope Ware.

After supper the bride and groom and guests attended church at Bethany. The infair dinner was given Monday by the bridegroom's parents.

VOLUME 4. MARYVILLE, MISSOURI, THURSDAY, FEB. 19, 1914. NO. 224.

NOW IS THE TIME

FOR ORCHARDISTS TO TAKE STEPS TO PREVENT BLIGHT.

HOW YOU CAN TREAT IT

What the Fruit Experiment Station at Mountain Grove, Mo., Says About It.

Blight was bad last year in Missouri. Many an orchardist knows this to his cost. It is likely to be bad again this year, says the state fruit experiment station at Mountain Grove, Mo., if no work is done in the orchards before the coming growing season.

If you are one of the many whose trees suffered from the blight last year, you should get out into your orchard as soon as possible—get your neighbors, too—to look for signs of the disease. They will not be hard to find. Wherever the blight bacteria have been at work they leave a trail of dead fruit spurs with dead blossoms, or leaves, still hanging to them; dead spots in the bark around the base of dead fruit spurs or water sprouts; and dead areas even in the bark of large limbs and the main trunk.

And when you find the signs of blight, hunt up the pruning knife and the saw. Get all your neighbors to do the same thing. One badly blighted orchard in a community, not cleaned up, can furnish infection enough—carried by bees or other insects—to cause trouble in all the others that have been cleaned up.

But when you are ready to go to work don't waste time and money on cutting out the numberless blighted fruit spurs. There are no living germs in them, or, at least, only a very few. Careful investigation in various parts of the country has shown that they have little to do with spreading infection in the spring.

The principal use for the pruning tools is on water sprouts and on limbs from ¼ of an inch to 1½ inches in diameter, where blight cankers have been formed at the base of a fruit spur or a water sprout. Cut out all such limbs, making the cut at least four inches below the canker. This is done to remove germs which may be alive in the green, healthy looking bark around the canker.

It is not certain that blight can be spread from all twig and bark cankers, but it is certain that it can be spread from some of them. Pears are worse than apples in this respect, but the danger is real and serious on apples alone. So, to be on the safe side cut out all of the limb cankers.

Scrape out and cut out blight cankers on the trunk and large limbs, clear down to the sound wood and out three or four inches into the seemingly bark around them. Take care, of course, not to girdle the tree. If that should seem necessary to get all the canker, the tree is in such bad condition it would be benefited very little by any sort of treatment.

Cleanse all wounds made in this work with a disinfectant made by dissolving fourteen 1-grain tablets of mercuric chloride in one quart of water. This solution is poisonous and must be handled carefully. Dip the saw and pruning shears in the same solution after each cut is made or canker dug out, or, at least, after each tree is finished. This may seem an unnecessary waste of time. It is not, however, for it prevents all possibility of carrying the disease from one limb or tree to another.

After disinfecting, paint all wounds with a mixture of pure white lead and raw linseed oil or with some one of the pruning compounds put out by paint and chemical companies.

And finally, finish the job, and finist it right, by burning all the dead and diseased material you have cut out. Not to do this would be as sensible as to leave cholera hogs where they die and trust the other hogs not to get the disease.

BY LOCAL LABOR

WORK ON NEW MAINS TO BE DONE WITHOUT A MACHINE.

DECIDED ON WEDNESDAY

Board of Public Works Turned Down Proposition From Steam Digger Outfit.

At a meeting of the board of public works held Wednesday night, it was decided that all of the work on the extension of two miles of new mains will be done by local laborers instead of by a machine. The board had received a proposition from the steam digger outfit that dug the mains at Hopkins to do the work here for 20 cents a foot. The company agreed to do all of the work, such as digging the ditch, laying the mains and then filling in the ditch for that price. But the board turned down the proposition.

It is not known yet when work will start on the new mains. However, if the weather is favorable the work will commence the latter part of March or the first of April. A number of laborers in this city have spoken for work digging the mains.

Ed Wolfert for Mayor.

Editor Democrat-Forum: Why not urge Ed Wolfert to run for mayor at the coming city election on the non-partisan ticket? I don't know whether he would consider it, but a better man could not be found for chief executive. The city election is only a little over a month off, and now is the time to get busy to pick out men that will make a good official. I want Wolfert on my ticket, and so do a number of others. STRUCK BY AUTO

G. B. HOLMES HAS BROKEN ARM AS RESULT OF COLLISION.

MRS. HOLMES NOT HURT

Car Driven by Dr. K. C. Cummins Struck Their Buggy, Locking With Back Wheel.

As Mr. and Mrs. G. B. Holmes were on their way to the revival meeting at the First Baptist church Wednesday evening, the surrey in which they were riding was struck by Dr. K. C. Cummins' car in front of the Elks club house and both were thrown out, Mr. Holmes' left arm being broken near the wrist.

Dr. Cummins was driving his car north on Main street while Mr. Holmes was driving south. As the car neared them Mr. and Mrs. Holmes, who were in the front seat of their vehicle, saw a collision would be the result unless the attention of the driver could be attracted. They called to him, but it is evident he did not hear them through the noise of his car, as he drove right into their buggy, locking the left back wheel of the buggy. The dashboard of the surrey was torn off and Mr. Holmes was thrown out over it on the pavement, alighting on his left arm. Mrs. Holmes was thrown and wedged between the buggy and the automobile, fortunately not striking the pavement. The horse broke from the buggy and ran just as Mr. Holmes was thrown under his feet.

The car was backed by those who ran to their assistance, and Mrs. Holmes was carried into the residence of L. A. Denny. She was not injured aside from being badly frightened.

Mr. and Mrs. Holmes were taken to their home by Mr. and Mrs. J. F. Montgomery in their car, after Mr. Holmes' injuries had been attended to, and they are all right today and thankful their injuries are no worse.

GORE EXHONORATED

Oklahoma City, Okla., Feb. 19.—A verdict in favor of Senator Thomas P. Gore was returned in the suit of Mrs. Minnie E. Bond against him to recover $50,000 damages for an alleged attack made on her in a Washington hotel last March. The jury was out only ten minutes, but one ballot being taken.

"We find," the jury stated in the verdict, "the evidence submitted by the plaintiff entirely insufficient upon which to base a suit; that said evidence wholly exonerates the defendant and had the defendant at the conclusion of the plaintiff's evidence announced that he desired to introduce no evidence and rest his case, our verdict would have been the same in that event as now returned by us, in favor of the defendant."

Crowd Begins Cheering.

Despite the efforts of bailiffs to maintain order when the verdict was read, the crowd that filled the court room turned into a cheering throng.

Senator Gore heard the jury's decision without a change of countenance. Mrs. Gore was the first to grasp his hands. When she turned and shook hands with Henry Carpenter, the foreman, tears were on the cheeks of both herself and the aged farmer.

"The verdict confirms my faith that truth will triumph," Senator Gore said. "I never for a moment doubted the outcome."

From the time the jurors left the room to prepare their verdict until the demonstration was under way, Mrs. Bond sat in silence leaning on a table and scribbling on a piece of paper. She seemed in no haste to leave the room until she was approached by her attorneys, when she walked away with them and her husband.

E. J. Giddins, chief of counsel for Mrs. Bond, said an appeal to the supreme court would taken on the grounds that applause had influenced the jury.

Everybody who is interested in this movement for better schools and better homes are asked to attend and lend their support.

A GOOD CROWD.

Sermon at Baptist Church Special Interest—Charity Ball Not Indication of Religion.

The revival service at the First Baptist church Wednesday night was well attended. The sermon by Rev. George Hale upon "Judas Iscariot, to the Flowers, Fruits and Ashes of Sin," dealt fearlessly with the sins of people who are expecting to carry out a determination to live as they wish to live without regard for the laws of God or man. "Whatsoever a man soweth, that shall he also reap" was the principal note of the discourse.

During his sermon Rev. Hale had occasion to mention the charity ball that was announced Wednesday by the Elks club for the benefit of the board of charities. He considers it a sad commentary on the churches of the city that they allow the funds of the charity board to become so low that the Elks club is aroused to an effort to relieve the situation by giving a ball to help the poor. A man's religion should be deep enough to take in his pocketbook. He did not decry the dance as much as he did the lack of religion in those who have helped bring it about and the church members who will help carry on the dance for charity.

Rev. Hale gave a dramatic discourse of his subject, separated under three hands: Avarice, sensuality and ambition. The climax of his sermon came when he referred to the trial in progress against Senator Thomas P. Gore in Oklahoma City, which is the plot, he said, of scheming politicians who were determined to have what they wanted at any cost. The speaker is proud of his friendship of twenty years with Senator Gore, and he knows personally every man arrayed against the senator, for he was a pastor in Oklahoma City several years, and he knows the reputation of Mrs. Bond. He branded the entire gang properly and paid a tribute to Senator Gore that was most gratifying to hear. The whole sermon was a picture of the wages of sin that was terribly true, and a call to Christians to be guardful of their daily living.

The song service will begin Thursday night promptly at 7:30, Rev. Henry leading. His special numbers Tuesday and Wednesday nights were most effective.

NEAR HALF A CROP

ICE HARVEST IN MARYVILLE HALF FINISHED.

NEED ONE MORE WEEK

So as to Be Able to Get a Full Crop—Everhart is Manufacturing Ice Now at His Plant.

The ice harvest in Maryville is just half finished and all of the local ice dealers are hoping that there will be another week of cold weather this winter, so that they will be able to get a full crop. Not much ice has been cut this week owing to the rise in the temperature since Monday, but with a marked drop in temperature which is indicated by the weather bureau for the next week, the ice men still feel quite hopeful of harvesting the amount required to fill the orders of all.

Wm. Everhart has harvested a little better than one-third of a crop, nearly one-half. He has put up about 1,900 tons in his ice house at the city reservoir, getting the ice from the reservoir. The ice was of a good quality, clear and thick. Everhart is also manufacturing ice now at his plant and has between 300 and 400 tons stored away for use.

Harrison Bros. have also been busy with the cutting of ice and have probably about one-half of a crop. They have been getting their ice from their pond near the Burlington depot, and also from the river on the Ditto farm. They are hoping for another week of continued cold weather, so as to be able to harvest a full crop.

Just as soon as there is a change in the weather, colder, the local dealers will resume cutting.

The harvest of the ice has furnished work for a number of people in the city. One dealer had a gang of about twenty-five workmen.

According to an ad in today's issue, Mr. Everhart is wanting fifty men tomorrow morning to help him pack the ice.

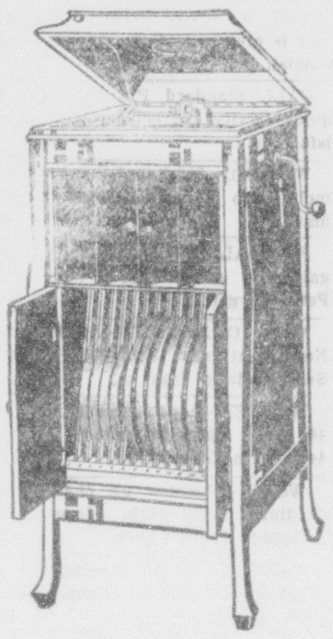
When we decided to handle Talking Machines and Records, Mr. Landon went to Kansas City and investigated thoroughly every phase of the business and every make of machine on the market. This investigation convinced him that the COLUMBIA GRAFONOLAS are as perfect as any machine made, and that they certainly make a better instrument for the money than any other make. We will carry the largest stock of machines and records ever handled by any music store in Maryville. You will have every opportunity to investigate this line at our sales room in the Conservatory Building. We use this room now only for sales purposes and you will find Miss Grace Sturm in charge of the Record Department. She will be glad to play any of the records for you.



"LEADER $75.00"

PLEASE REMEMBER

That Columbia Records may be played on Victor Machines and Victor Records likewise sound equally well on Columbia Machines. We get the new records each month. About the 25th of this month you may hear all the New March Records here. Attend our Free Concert in Recital Hall Every Saturday Night.

Come in any Time, You Will Be Welcome.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR

Bring Back Its Gloss, Lustre, Charm and Get Rid of Dandruff—Try the Moist Cloth.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Advertisement.

Was Successful Affair.

The Washington-Lincoln social given Tuesday night in Pickering by the Epworth League of the Methodist church there was a decided success. Music was furnished by the Sunday school orchestra, Miss Beulah Everhart, piano; Miss Christel Everhart, violin, and Roy Wolfers, cornet. As the orchestra played A. T. King, dressed as Uncle Sam; Walter Stephenson and Mrs. J. A. Wiley, as George and Martha Washington; Professor Somerville and Mrs. Gordon Swinford, as Abraham Lincoln, and Mrs. Lincoln, Mrs. Irvin Loch, as Lincoln's mother, came in and took seats on the platform. The representatives of the se characters were splendid. Other well known people in the audience were "The King and Queen of Hearts," by Mr. and Mrs. Roy Wolfers; Miss Mary Wolfers, as a spinster of ye olden days; Miss Golda Roach, as "Madam Butterfly." Sweet Priscilla Alden was there, too, in the person of Mrs. Walter Johnson. (John, bless his heart, stayed at home with the baby.) Quite a number of young girls were there arrayed in St. Valentine attire. After everybody had become accustomed to the presence of the distinguished guests Mrs. Laura Watson read an interesting story of the mother of Lincoln, and W. M. Hall spoke on the life of Lincoln. The martyred president then arose and gave tribute to George Washington. After the program everybody had a fine social time and a pie supper was served. Several delicious pies remained and these were auctioned off by Colonel James Braniger at good prices. The proceeds of the evening were $21.85.

Don't Know They Have Appendicitis.

Many Maryville people who have chronic appendictis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. W. Jones, druggist, states if these people will try a single dose of simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the remedy which became famous by curing appendicitis, they will be surprised at the instant benefit. Druggist Shuff at Pickering reports great success there.—Advertisement.

Entertained Party of Friends.

A number of young folks gathered at the beautiful country home of Mr. and Mrs. A. R. Robinson, five miles northeast of Maryville, Monday evening. The evening was spent in various games and music. A two-course luncheon was served. At a late hour the guests departed for their homes, each assuring Mr. and Mrs. Robinson they had spent a delightful evening.

Those present were Mr. and Mrs. A. R. Robinson, Misses Cecile Fisher, Marie Sherlock, Clara Stein, Pearlena Fanning, Mabel Graham, Bertha Fanning, Jessie Fisher, Messrs. Francis Sherlock, Roy Fanning, Will Stein, Ray Taylor, James Fisher, Fred Wrightman, Sterling Wallace.

Ware-June.

A very pretty wedding was solemnized Sunday, February 15, at 6 o'clock, at the home of the bride's parents, Mr. and Mrs. Frank Ware, living five miles west of Barnard, when their oldest daughter, Ruth, was united in marriage to Mr. Fred June.

The wedding march from "Lohengrin" was played by Mrs. Walter Lilly. Rev. Orrison of St. Joseph performed the ceremony. The bride wore a lovely gown of white embroidered crepe.

After the ceremony the guests were invited to the dining room, where a magnificent four-course wedding supper was served by Mrs. Walter Lilly and the bride's sisters, Adah and Vida Ware.

Many nice presents were received. The house was beautifully decorated in pink and green. Those present were Mrs. Dora Long, Mr. and Mrs. Boone Clark, Mr. and Mrs. Ed Farmer, Mr. and Mrs. Henry Blacketer, Mr. and Mrs. Walter Lilly, Mr. Chester Cooper of Parnell, sister of the groom; Mr. John Ware, Miss Anna Ware, Misses Adah, Vida and Hope Ware.

After supper the bride and groom and guests attended church at Bethany. The infair dinner was given Monday by the bridegroom's parents.
